Certifications

- **Cloud & Infrastructure**
  - **AZ-900**
  - **AZ-104**
  - **AZ-204**
  - **AZ-700**
  - **In Progress: AZ-305**
- **Security & AI**
  - **SC-900**
  - **AI-102**
- **Programming**
  - **Vellum Certified Python Developer**

Skills

- **Cloud Platforms: Microsoft Azure**
- **IaC & Scripting: Bicep, YAML, Terraform, PowerShell, Azure CLI**
- **DevOps Tools: Azure DevOps, GitHub Actions (basic)**
- **Networking: Hub-and-Spoke, Firewalls, Load Balancers, App Gateway**
- **Security & Governance: RBAC, IAM, Conditional Access, Defender for Cloud**
- **Monitoring & Ops: Azure Monitor, Log Analytics, Alerting**
- **Data & Recovery: Azure SQL, Storage, Backup, ASR, Azure Migrate**

About Me

I am a Cloud Engineer with expertise in Azure infrastructure design, delivery, and operations. My career path reflects curiosity, resilience, and continuous growth, transitioning from Electrical Installations & Automation into IT, programming, and cloud technologies. I specialize in building secure, scalable, and reliable enterprise-grade cloud platforms that support critical business workloads.

Work Experience

OTE Group Jun 2024 - Present

Cloud Infrastructure Engineer

- Design, deliver, and operate robust Azure environments for enterprise systems.
- Implement Infrastructure-as-Code with Bicep, YAML, Terraform, and Azure CLI.
- Ensure cloud governance, security, and compliance with RBAC, Conditional Access, and Defender for Cloud.
- Deploy and manage networking solutions (Hub-and-Spoke topology, Firewalls, Load Balancers, App Gateway).
- Oversee cloud monitoring and operations with Azure Monitor, Log Analytics, and alerting.
- Deliver CI/CD pipelines using Azure DevOps for infrastructure and app deployments.
- Hands-on deployment of AKS, App Services, Key Vault, Bastion, DNS, Azure SQL, ASR, Azure Migrate.

OTE Group Dec 2023 - Jun 2024

Cloud Engineer

- Gained practical experience on enterprise-grade Azure projects.
- Developed IaC templates with Bicep, Terraform, and YAML.
- Supported teams in migration and recovery projects (Azure Migrate, Site Recovery).

Education

Hellenic Open University 2025 - Present

BSc in Computer and Information Science

IEK DELTA 2021 - 2023

Associate Degree in IT Applications, Graduated with Distinction (9.6/10)

Courses

- **CS50x: Introduction to Computer Science HarvardX**
- *CS50t: Understanding Technology – HarvardX*
- **ReGeneration Academy on Cloud Tools & Technology (Vol.4) – powered by Microsoft**
- *Various Microsoft Learn & Coursera trainings (Cloud, IaC, DevOps)*
